Dr. Philippe asked Mr. Arthur Hickham to review the board's financial statements for the fiscal year ended June 30, 2014. Mr. Hickham reviewed the financial statements for the board members and the board was satisfied.

Mr. Hickham then brought the board's attention to the recently conducted 2013-2014 Agreed Upon Procedures audit. He explained that the audit included no exceptions, which was extremely rare, and that the board staff had done an excellent job over the past year putting prior recommendations into place.

Mr. Hickham went on to review the proposed budget for the Fiscal Year 14-15. He stated that expenses and revenues looked to be in line with prior years and that he did not expect any major changes in the upcoming year. He brought the board's attention to future projected years and stated that legal expenses would likely increase after FY 14-15. Dr. Blackwood then made the motion which was seconded by Dr. Baudean that it be

RESOLVED, the Louisiana State Board of Dentistry hereby accepts, approves, and adopts the budget as prepared by the executive director for fiscal year 2014-2015.

Dr. Baudean then made the motion which was seconded by Dr. Blackwood that it be

RESOLVED, the Louisiana State Board of Dentistry hereby amends its agenda to take up Agenda item 6, **Licensing and Credentials Committee** following Agenda item 14, **Dental Hygienists Laser Utilization Committee**.

After the board voted unanimously in the affirmative, Dr. Guillory declared the motion passed.

Dr. Guillory then referred to Agenda item 8, **Impaired Dentists Committee**, Dr. H.O. Blackwood, Chairman. Dr. Blackwood stated that he hopes any future board members appointed to the Impaired Dentists Committee read and familiarize themselves with addiction theory and information. Although licensees' impairment is now largely handled by the Physicians' Health Foundation, Dr. Chris Brown stated that the LDA is continuing their impaired dentist program and urged the board to do the same because the Physicians' Health Foundation intervenes prior to board involvement.

Dr. Guillory then moved on to Agenda item 9, **Examination Committee**, Dr. Aubrey Baudean, Chairman. Dr. Baudean asked Ms. Erin Conner to explain the problem of notification of examination failures.

Ms. Conner stated that without some type of central database of clinical examination results, it is impossible to ascertain whether applicants have multiple examination failures. Dr. Gallo explained that he had also noticed the problem and urged the board to seek a resolution to address this issue. Dr. Baudean then made the motion which was seconded by Dr. Cavallino that it be

RESOLVED, the Louisiana State Board of Dentistry hereby instructs its staff to send correspondence to ADEX and copy all other state licensing jurisdictions to create a clearinghouse of ADEX examination results.

After the board voted unanimously in the affirmative, Dr. Guillory declared the amended motion passed.

Dr. Guillory then referred to Agenda item 10, **Legislative Committee**, Dr. Claudia Cavallino, Chairperson. Dr. Cavallino stated that Senate Bills 165 and 507 had both passed and been signed into law by the governor. These bills changed the board's handling of advertising violations as well as revised board member term limits and changed the board's domicile to East Baton Rouge Parish. Dr. Cavallino stated that a move to Baton Rouge would be catastrophic for the board and its licensees.

Dr. Brown stated that the LDA-LSBD task force was working toward a resolution of the move to Baton Rouge. He felt that the move may be addressed in future legislative sessions, hopefully removing that portion of the law. He informed the board that the LDA-Louisiana State Board of Dentistry task force's next meeting was scheduled for November to give the local LDA component organizations time to hold their meetings. He said the LDA intended to address certain member questions which had resulted in concerns about the board; specifically, he felt that an explanation of the disciplinary process would greatly help alleviate concerns that LDA members currently have.

Dr. Guillory then moved onto Agenda item 11, **Rulemaking Committee**, Dr. David Melancon, Chairman. Dr. Melancon asked Mr. Hickham to review the listed rule changes for the board.

Mr. Hickham reviewed the changes to LAC 46:XXXIII.1202, .1203, and .1809 which were finalized as rules on May 20, 2014. He went over the revisions to .1505, .1509, and .1511 which were published as rules on June 20, 2014. He reviewed the revision to .1206 which had recently been published as a rule on August 20, 2014.

Dr. Guillory then referred to Agenda item 12, **Anesthesia Committee**, Dr. Lynn Philippe, Chairman. Dr. Philippe explained that the committee had met the day before to discuss a possible revision to the rules governing the training required for personal pediatric enteral moderate sedation permits. Dr. Cavallino stated that Louisiana's training requirements were below those of ADA standards, and they should be made more restrictive. Dr. Mayer stated that he would like to ensure the board's desire to revise the rules prior to the committee's further attention to the matter. Dr. Mayer then made the motion which was seconded by Dr. Manning that it be

Dr. Guillory then referred to Agenda item 14, **Dental Hygienists Laser Utilization Committee**, Patty Cassidy, R.D.H., Chairperson. Ms. Cassidy stated that she did not have

anything to report forward because there had not been any word from the LDA on whether Louisiana dentists were interested in hygienists' using lasers. Dr. Brown stated that there was interest among LDA members but he did not have specific numbers of dentists interested. He stated that the LDA will poll its members, and he asked that the committee continue to look into the matter.

Dr. Guillory then returned to Agenda item number 6, **Licensing and Credentials Committee**, Dr. Dean Manning, Chairman. Dr. Manning turned the members' attention to the list of applicants for a license by credentials. Dr. Blackwood then made the motion which was seconded by Dr. Breda that it be
