Dr. Philippe made the motion that was seconded by Dr. Baudean to amend the agenda for consideration of an amendment to the budget to increase the allocation for postage expense. After the board voted unanimously in the affirmative, Dr. Manning declared the motion passed.

Dr. Philippe asked Mr. Burkhalter to address the need to amend the budget. After a short presentation and review of the budgeted figure, Dr. Blackwood made the motion that was seconded by Dr. Baudean that it be:

RESOLVED, that the Louisiana State Board of Dentistry having reviewed its budget for fiscal year 2012-2013 and hereby increases the allocation for postage expense in the amount of \$4,000.00.

After the board voted unanimously in the affirmative, Dr. Manning declared the motion passed.

Dr. Philippe then asked that Mr. Burkhalter discuss the compiled financial statements for the period ending March 31, 2013. Mr. Burkhalter brought the board's attention to the statement of revenues and expenses for the nine month period ending March 31, 2013. Mr. Burkhalter related that bank balance as of the end of the period. Further he reviewed the continued deficit and that it was primarily due to the deferred revenue that is included on the statements. Next, Mr. Burkhalter directed the board's attention to the reduction in investigation expenses which was in part due to transfer of responsibilities from the board investigator to board staff. In addition, CDC inspections moved from points farther from the board office to neighboring communities thereby reducing travel related costs. In addition, attorneys' fees are down as compared to the same period last year. Finally, Mr. Burkhalter reviewed the operating expenses

and advised the board that they were in line with expenses from a similar period in years past with the exception of the postage expense. This was due in large part to the amount of mail generated in conjunction with renewals and follow-up CDC inspections, which was the subject of the budget amendment.

Next, Mr. Burkhalter discussed the impact of the increase of the LASERS contribution on the board. The board will continue to see an increase in salary and benefit expense until the system addresses the liability that has accrued over the years, regardless of salary increases for employees.

Dr. Philippe thanked Mr. Burkhalter for the report.

Dr. Manning directed the board back to the agenda. The next item for consideration was Agenda item number 8, **Examination Committee**, Dr. Sam Trinca, Chairman.

In Dr. Trinca's absence, Dr. McVea made the report of the committee. He related that the recent CITA examinations held at LSU School of Dentistry had been a success. Dr. McVea brought the board's attention to the staffing issues at the CITA office. In the span of three weeks, CITA lost their executive director and office staff. Dr. McVea made a commitment to the board and LSUSD that the examinations which are scheduled for the end of May at LSU will be conducted despite the staffing issue. In continued discussion on the topic, Dr. McVea advised the board that further discussions would occur in June 2013 between CITA and CRDTS on a merger and administration of a blended examination. The combination of the two organizations would allow applicants access to 42 states. Dr. McVea also discussed the amendment of board rules necessary to accept other examinations should CITA fail to continue testing.

Dr. McVea then returned to the discussion of board members' participation in the American Association of Dental Boards for 2013-2014. Dr. Mayer then made the motion which was seconded by Dr. Blackwood that it be:

RESOLVED, the Louisiana State Board of Dentistry hereby authorizes the following board members and staff to actively participate in the proceedings of the American Association of Dental Boards: Drs. Mayer, McVea, Smith, Madison, Philippe, Mrs. Patty Cassidy and Mr. Burkhalter and directs the President, Secretary Treasurer and Executive Director to renew the board and members' membership in the organization.

After the board voted unanimously in the affirmative, Dr. Manning declared the motion passed.

Dr. Manning then referred to Agenda item number 9, **Legislative Committee**, Dr. Wilton Guillory, Chairman. Dr. Guillory thanked the members who participated in Dentists Day at the

Legislature including Drs. Manning, Cavallino and Blackwood. He stated that the board had no bills currently up for consideration but the committee had been tracking 4 bills HB 454, 488, 355 and SB 212. Dr. Guillory discussed the bills and their impact on the board. He provided the board with an update on the bills through May 15, 2013. The board discussed briefly HB 355. Dr. Gallo advised the board that he was not allowed access to the PMP because he does not actively treat patients in the LSUSD clinic. Dr. McVea suggested that a self-query be conducted by licensees and that a declaration that each licensee has checked his/her PMP should be on the renewal application. Dr. Mayer asked Dr. Brown and Mr. Blackwell if the LDA would be opposed to that requirement. Mr. Blackwell advised the board that the LDA would assist with awareness among the members.

At this point, Dr. Melancon made the motion which was seconded by Dr. Baudean that it be:

RESOLVED, that the Louisiana State Board of Dentistry go into Executive Session for the purpose of discussing investigations, adjudications, litigation, and professional competency of individuals and staff; and

Dr. Manning then referred to Agenda item number 10, **Rulemaking Committee**, Dr. David Melancon, Chairman. Dr. Melancon asked that Mr. Burkhalter provide the report of the committee. Mr. Burkhalter directed the members' attention to agenda item 9(i) consideration of the revision to rules LAC 46:XXXIII.903 "Initiation of Proceedings"; .907 "Notice of Hearing". After limited discussion, Dr. Melancon made the motion that was seconded by Dr. Baudean that it be:

RESOLVED, the Louisiana State Board of Dentistry hereby directs, empowers, and authorizes its Rulemaking Committee, President, Executive Director, and Counsel to proceed with the amendments of LAC 46:XXXIII.903 "Initiation of Proceedings"; .907 "Notice of Hearing"; and

BE IT THEREFORE RESOLVED, those parties are instructed to commence promulgation of these rules as soon as possible.

After the board voted unanimously in the affirmative, Dr. Manning declared the motion passed.

Next, the board considered revisions to LAC 46:XXXIII.1202 “Definitions” and .1203 “Universal Precautions.” After some discussion on the topic the board decided to table the matter and asked that board counsel and the executive director work on the rules and provide to the board acceptable language for the revisions.

Dr. Manning then referred to Agenda item number 11, **Anesthesia Committee**, Dr. Lynn Philippe, Chairman. Dr. Philippe asked Mr. Morrison to discuss the inspection protocol for anesthesia and general CDC inspections. Dr. Philippe advised the board that Mr. Morrison had discussed the proposed protocol with him in detail and that the board would not have enough time to answer all of the questions that were posed in the document provided to the board. Dr. Philippe suggested that the matter be referred to an Ad Hoc committee for evaluation and discussion so that recommendations could be made to the board. Drs. Philippe, Melancon,

Blackwood, and Smith volunteered to be a part of the committee and Dr. Manning assigned Dr. Cavallino to the committee. The committee will review the material and make recommendations at the August meeting. Dr. Blackwood asked the board for consideration of an office permit application regarding a dentist working in two offices in the same office complex and whether he needed two permits or one. Dr. Philippe suggested that the board statutes and rules, specifically, LSA-R.S.37:793 required an office permit for each office in which the dentist administered anesthesia. Dr. Philippe ended his report and the discussion on anesthesia with a recommendation that the board eliminate the limited moderate sedation permit offered by the board as set forth in LAC 46:XXXIII.1505. Specifically, the board addressed the topic of whether the executive director should have the authority to request a response from a licensee without authority or direction from the disciplinary oversight committee or president. The board members agreed that having the response of the licensee at the time of the initial review of the complaint was working and that changing the current process was not advisable. After further discussion, the board agreed that
