**FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Chapter 16. Continuing Education Requirements**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The LA State Board of Dentistry (LSBD) is proposing an amendment to current rules that will change the continuing education requirements for dentists with a sedation permit from 12 hours every 4 years to 6 hours every 2 years, which will coincide with licensure renewal. Additionally, no sedation-related continuing education will be required during the first renewal period after first receiving the anesthesia permit. The LSDB is also amending this rule to change the continuing education requirements for having a pediatric sedation permit from 12 hours every 4 years to 6 hours every 2 years, which will coincide with licensure renewal.

Currently, dentists who complete calibration training for the administration of the clinical licensing examination administered by the Council of Interstate Testing Agencies (CITA) may be awarded up to 20 hours of clinical continuing education per renewal period. The proposed rule changes "Council of Interstate Testing Agencies (CITA)" to "a testing agency approved of by the board," in recognition of a recent merger between CITA and other testing agencies.

The proposed rule change will result in a one-time SGR expenditure of \$500 in FY 24 for the LA State Board of Dentistry (LSBD) to publish the notice of intent and proposed rule revision in the Louisiana Register. The proposed rule change will not affect expenditures of local governmental units.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change will not affect revenue collections for state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NON-GOVERNMENTAL GROUPS (Summary)

The proposed rule change will benefit licensed dentists by aligning continuing education deadlines with licensure renewal periods. Any dentist renewing his or her anesthesia permit will benefit from this rule change because the continuing education requirements will be changed from 12 hours every 4 years to 6 hours every 2 years, which will coincide with licensure renewal and will begin in the second renewal period after the first permit is issued.

In addition, any dentist renewing his or her pediatric sedation permit will benefit from this rule change because the continuing education requirements will be changed from 12 hours every 4 years to 6 hours every 2 years, which will coincide with licensure renewal.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed rule change will not have an effect on competition and employment.
