**Subject:** Summary Report - LAC 46:XXXIII.105  
**Attachments:** 20.6.8 to legislators send Register & FEIS.pdf

Dear Honorable Mills:

Pursuant to R.S. 49:968(D)(1)(b), the Louisiana State Board of Dentistry (the "Board") hereby announces its plan to finalize the April 20,2020, Notice of Intent that were published on pages 605-607 of the *Louisiana Register*. A copy of the rule, as published, is attached for your review. Also attached is the approved Fiscal and Economic Impact Statement.

The Board is amending LAC 46:XXXIII.105 to allow residents in accredited non-LSU post-doctoral programs to obtain a restricted dental license rather than a full license. There are currently no post-doctoral dental programs in Louisiana other than LSU, but the Board has been informed that there are plans to open one. This rule change will benefit residents in prospective residency programs who wish only to train in Louisiana and do not wish to have a full license in that it will save those residents some fees.

The rule change also does away with the requirement that LSU faculty members must switch from a restricted license to a full license within 2 years of being employed at LSU if the faculty member is eligible for a full license.

The Board did not receive any comments to these proposed rule changes or requests for a public hearing and no changes have been made to these proposed rules since initial publication in the April 20, 2020 edition of the Register. Therefore, subject to legislative oversight by either the House or Senate Health and Welfare Committees, the Board intends to submit these rules to the Office of the State Register for publication on July 20, 2020. Please contact the undersigned at (225) 219-7330, if the board can be of any assistance to you concerning these rules.

With kindest regards, I am

Yours truly

Arthur F. Hickham, Jr.  
Executive Director  
AFH:rd
